## NUMERIC™-6P ACCESSORY KEYPAD FOR SOLO®-6 IR MASTER KEYPAD

### KEY FEATURES

- **Enhanced System Control** - The Numeric-6P works in conjunction with the Solo-6 IR Master keypad to provide the convenience of enhanced system control and functionality.
- **Number Keys** - Add the convenience of direct access to radio stations, discs, tracks, and playlists when supported.
- **Fav Key** - Provides direct access of preset favorites when using the number keys.
- **Weather-Resistant Construction** - The Numeric-6P keypad can be installed in damp areas such as bathrooms, spas, or outside on the patio under an eave.
- **Attractive Styling** - The clean, uncluttered look of the Numeric-6P matches the Solo-6 IR Master keypad and blends with any home's décor.
